COLUMBARIUM SURVEY

Increasing numbers of families are choosing cremation instead of traditional burial for both environmental and economic reasons. Instead of using a cemetery to memorialize and hold cremated remains, they may choose to use a columbarium, which is usually a wall or series of walls containing niches.

First Baptist Church has formed a committee to explore the possibility of installing a columbarium on the church grounds. The installation of a columbarium could provide an important service for many families in our church.

In order to determine whether there is sufficient interest, we are asking for your help. Please circle Yes or No to the questions below, add your comments if you'd like, and return this form to the church office no later than May 1.

- o I am in favor of building/installing a columbarium at First Baptist Church.

Yes / No

- o If First Baptist Church had a columbarium, I would be interested in reserving a niche for my cremated remains or the remains of a family member.

Yes / No

- o At least one of my family members or friends was cremated after death.

Yes / No

- o Currently I plan to be cremated after my death.
